AT ORIGIN

PACKING MATERIAL

No need to buy anything - our crew arrives at your house bringing empty boxes and the necessary packing material.

PACKING

Our personnel are taking care of packing all the contents: chinaware and fragile items, clothes (hanged in special wardrobe cartons or folded in flat ones), books, documents, papers and magazines, CD/DVD, miscellaneous items and kitchen tools, mirrors, paintings, frames, lamps, electric and electronic appliances.

The pieces of furniture will be dismantled (where needed) packed and protected.

CHECK OF THE CONTENTS

In case of sea/air shipments and for all the moves going through customs, all the (eventual) PBO – *packed by owner* boxes must be opened to check the contents, in presence of client or a representative. The boxes are then repacked – if necessary – or simply sealed.
